

## COMMUNITIES ALONG THE CARRON

Mapping the Issues & Aspirations of Sixteen River Carron Communities

In 2009 16 communities along the River Carron called for major clean ups of litter and fly tipping on the Carron footpaths and banks, including Denny and Dunipace. In response, Falkirk Council's Litter Strategy Team and Keep Scotland Beautiful have dedicated this year's April Spring Clean to the Communities Along the Carron project. Please join this community effort!
